

RACE WHERE YOU WANT...WHEN YOU WANT

VINTAGE MODIFIED

2026 RULES

This document contains proprietary information and is the property of
Independent Vintage Racing Association

The purpose of the Vintage Modified class is to achieve a vintage appearing car plus be able to utilize readily available chassis and components that are no longer used in today's modern racing.

I CHASSIS RULES:

- A. Modified Chassis 10 years and older (see item B for exception).
- B. For a new construction "old style" chassis or a chassis not meeting the 10-year parameter listed above, **MANDATORY** IVRA tech staff inspection and approval is needed prior to IVRA racing participation. This review of the chassis should be arranged in advance of the actual event day to avoid complications.
- C. Car weight to be a minimum of 2,400 pounds including driver at completion of race.
- D. Shocks: Open shock rule.

II ENGINE:

- A. Engines are open.
- B. Aluminum engine blocks are **NOT** allowed.
- C. 4BBL Carburetors are allowed.
- D. Fuel permitted is gasoline **ONLY!** **NO** Methanol.
- E. Any ignition is allowed.
- F. Mufflers are **MANDATORY**.
- G. **NO** traction control.

III TRANSMISSION:

- A. Any transmission is allowed.
- B. Driveshafts must be painted white.
- C. Driveshaft loop **MANDATORY**.
- D. **NO** titanium driveshafts.

IV REAR AXLE:

- A. **NO** titanium components.

V. BODY:

- A. **NO** nose wing beyond the shock towers or wider than the chassis.
- B. **NO** deck spoiler.
- C. **NO** Lexan quarter windows.
- D. Racing harnesses/seatbelts are to be within expiration date imprinted on restraints.

Note: All IVRA cars in competition must retain a vintage appearance. Modern cars with the doors cut short and narrowed will not be allowed. Please review the body guidelines/dimensions from the 1991 Dirt Rule Book on the car sketches attached below.

VI WHEELS AND TIRES:

- A. 13-92 maximum tires; any make and tire compound may be used.

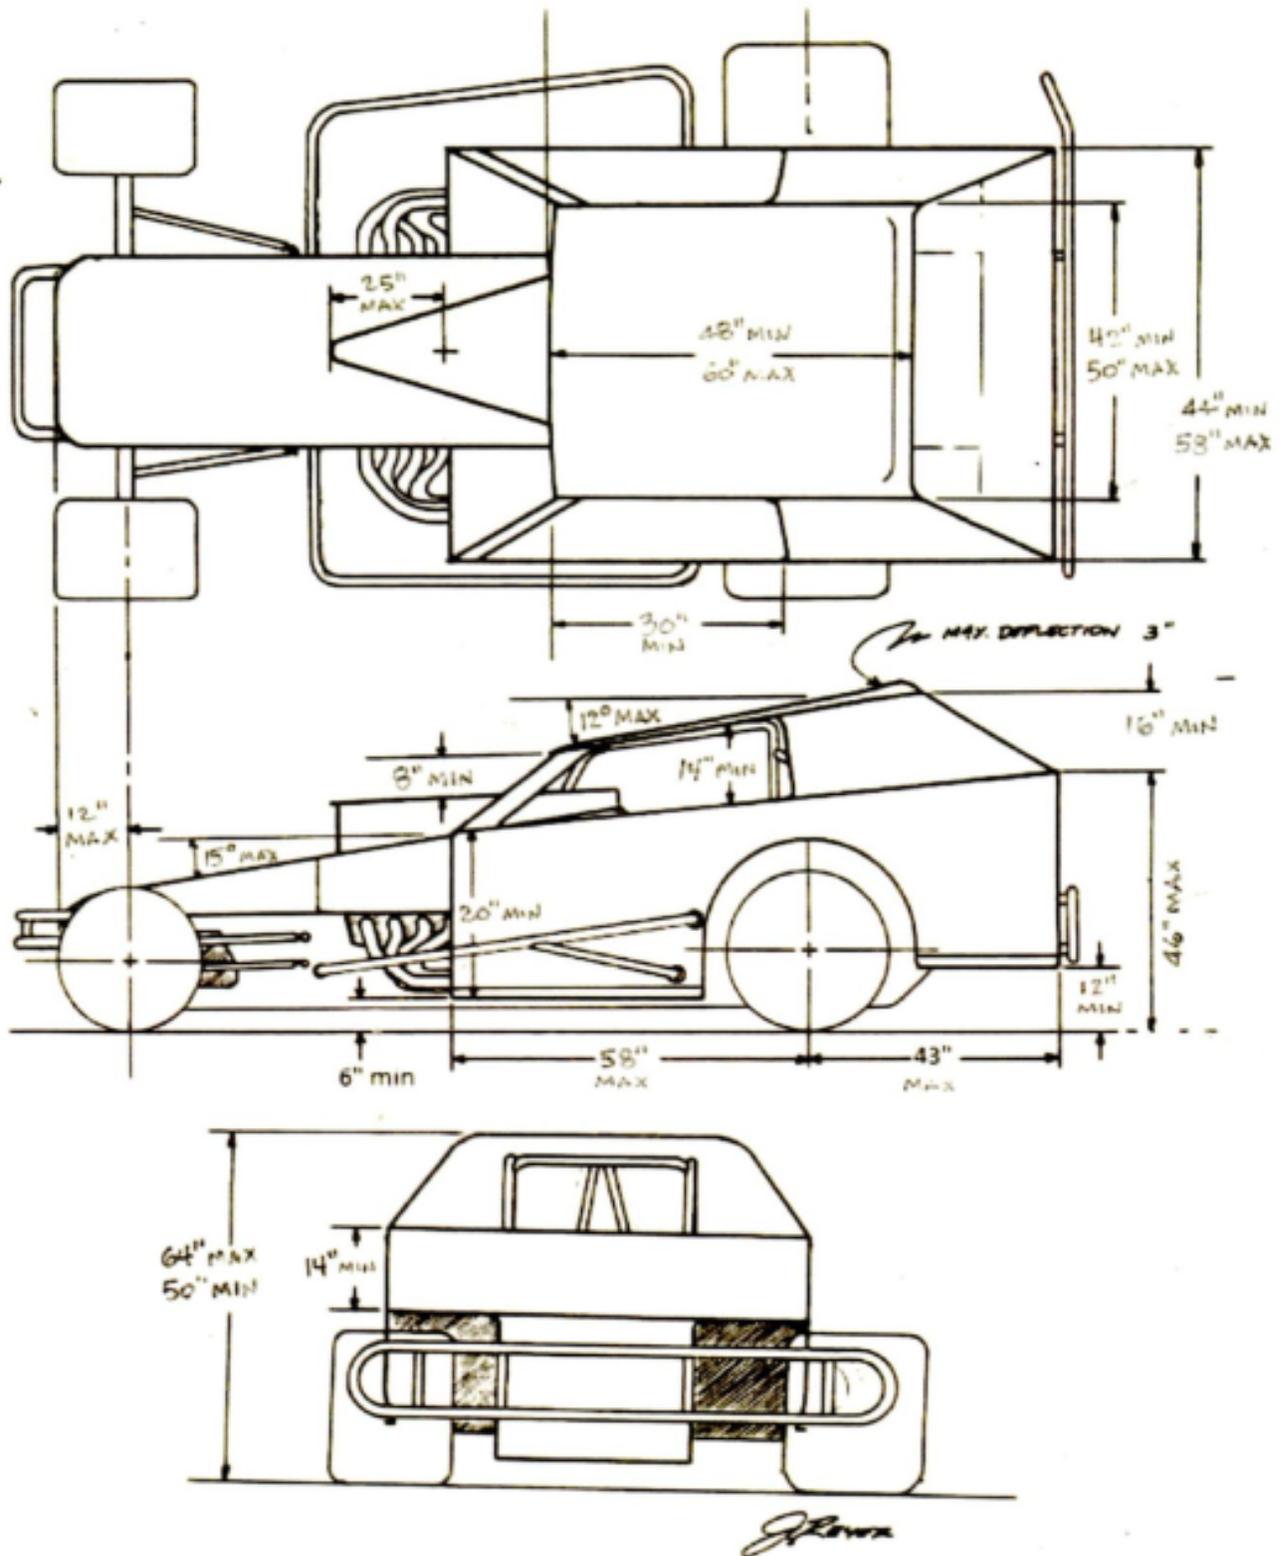

****RACEIVERS ARE MANDATORY****

TRANSPONDERS ARE HIGHLY RECOMMENDED

~ALL CARS, DRIVERS AND CREWS MUST MEET INDIVIDUAL TRACK SAFETY RULES AND POLICIES~
